

Here is a complete, structured guide featuring the best possible mnemonics for every single Kanji extracted from the provided N5 and N4 documents. The mnemonics rely on visual shapes, radical combinations, and memorable stories to help lock the characters into your memory.

(Note: Where the OCR missed the character but captured the meaning, the correct Kanji has been supplied).

N5 Kanji Mnemonics

Part 1: Nature, Numbers, and Basics

Kanji	Meaning	Generated Mnemonic
山	mountain	A picture of a mountain with a tall central peak and two shorter side peaks.
川	river	Three parallel flowing lines representing the banks and current of a river.
田	rice field	A square piece of land partitioned into four equal farming plots.
日	sun/day	A rectangular sun with a sunspot or horizon line drawn through the middle.
月	moon/month	A crescent moon shaped with two atmospheric clouds sweeping across it.

火	fire	A central campfire flame with two smaller sparks flying off the sides.
水	water	A central splash of water with droplets rippling outward.
木	tree	A vertical trunk crossing a horizontal branch, with two roots digging into the earth.
金	gold/money	Golden nuggets hidden deep inside a mountain (under the top "roof").
土	soil	A tiny plant sprout breaking horizontally through the topsoil.
一	one	A single, simple horizontal stroke.
二	two	Two horizontal strokes.
三	three	Three horizontal strokes.
四	four	A box shaped with four sharp corners containing curtains inside.

五	five	Five distinct intersecting lines stacked together.
六	six	A star-like figure with legs spread wide, totaling six points.
七	seven	Looks similar to an upside-down 'L' or a '7' sliced through the middle.
八	eight	Two lines parting ways, dividing into eight pieces.
九	nine	Looks like a person doing pushups—striving for nine reps.
十	ten	A cross, easily remembered as the Roman numeral for ten (X) rotated upright.
百	hundred	One (一) drop of white (白) purity is worth a hundred.
千	thousand	Ten (十) wearing a heavy tilted hat (drop) to signify a massive thousand.
万	ten thousand	A grand sweeping sword stroke slicing through the air for ten

		thousand points.
円	circle/yen	A perfectly framed box displaying a round coin inside.
年	year/age	A horse leaping over barriers to finish the year strong.
上	above/on	A vertical indicator standing above the flat baseline.
下	under	A vertical indicator dropping under the flat baseline.
中	middle	A sword striking straight through the middle of a target box.
半	half	A vertical line slicing evenly down to split the two top halves.
分	divide/understand/minute	A sharp knife (刀) to divide things into eight (八) equal pieces.
人	person	Two legs walking confidently forward.

Part 2: People, Body Parts, and Positions

Kanji	Meaning	Generated Mnemonic
子	child	A baby tightly swaddled with its tiny arms sticking out horizontally.
女	women	A woman gracefully bowing or crossing her legs while walking.
男	men	Heavy physical power (力) used to toil in the rice field (田).
目	eye	An eyeball rotated vertically with two iris lines inside.
口	mouth	A wide-open, square mouth ready to speak or eat.
耳	ear	A side-profile of an ear, showing the inner cartilage ridges.
手	hand	The lines trace the palm and fingers of an outstretched hand.
足	leg foot	A square "mouth" representing the kneecap connected to a leg

		stepping out.
